

DUFFTONE SOUND & PICTURE

As a professional re-recording mixer and sound editor for over a decade, Shawn Duffy, owner of Dufftone Sound, has worked on a wide variety of promos, trailers, radio spots, DVD/Blu-ray extra content, films and much more for independent and major studios as well as some of the largest cable networks.

Located in Burbank, our studio is equipped to handle sound editing, design, and mixing in stereo and surround formats as well as recording ADR and voiceover, all in a comfortable and client-friendly setting. We've also recently expanded our menu of services to include picture finishing and full deliverable packages for any size project on any size budget, from the shortest promotional clips to full-length feature films.
